READING THE BUDGET

This budget is consistent with the State Department of Education's "RED BOOK" format.

FUND: The books and financial records of the Holmes County School Board are maintained using the fund concept of accounting. The National Council on Governmental Accounting and Financial Reporting Principles defines fund accounting as follows:

"A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations."

To expedite management control and facilitate legislative oversight budgeting, procedures also segregate various funds. The following funds, programs, and activities are included in this document. The numbers beside the description are used in the accounting system for coding purposes:

FUNDS: Governmental Funds

- 100 General Fund
- 200 Debt Service Funds
- 300 Capital Projects Funds
- 400 Special Revenue Funds
 - 410 Food Service Fund
 - 420 Federal Contracted Programs Fund
 - 431 State Fiscal Stabilization Fund
 - 432 Targeted ARRA Stimulus Funds
 - 433 Other ARRA Stimulus Funds
- 700 Proprietary Funds
- 800 Fiduciary Funds

1. THE GENERAL OPERATING FUND: These funds cover day-to-day expenses for salaries; benefits; purchased services; energy; materials and supplies; furniture; fixtures; equipment; and other expenses for all employees not hired through a federal grant or food service activity.
2. THE DEBT SERVICE FUNDS: These funds are used to account for the payment of interest and principal of general long-term debt. Debt payments on any capital

outlay related loans, such as the Energy Retrofit Equipment loan and SBE/COBI bonds, are also paid in this fund.

3. THE CAPITAL PROJECTS FUNDS: These funds are used to account for the acquisition or construction of capital facilities.
4. THE SPECIAL REVENUE FUNDS: These funds are used to account for operations for which revenues have been specifically designated by law or contract. These revenues cannot be diverted to other uses. These funds generally incorporate food service operations and all federal projects.
5. THE FIDUCIARY FUNDS: Fiduciary funds should be used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.

REVENUES are categorized by fund, source, and appropriation. Since law usually determines revenues, revenue accounts are structured by source (federal, state, and local) and specific appropriation.

The District receives federal revenue through two methods: (1) Directly from the federal source and (2) indirectly from a second party. Less than 18% of all federal revenue is received directly from the Federal sources. Those include revenues for salaries of Reserve Officer Training Candidate (ROTC) instructors. The greatest portion of the indirect federal revenues comes to us from the Florida Department of Education (FDOE). FDOE is the primary recipient of the funds and it is their responsibility to allocate them to Districts based on the Districts' approved Federal applications.

State revenue comes to the District in restricted and unrestricted amounts. Restricted revenues, such as revenues specifically for instructional materials or transportation, must only be spent for those purposes. Other restricted state revenues include state grants received upon approval of the grant applications. Unrestricted state revenues may be spent for any lawful purpose. For example, Florida Education Finance Program revenue, generated on a program per student basis, can be used for any lawful educational purpose, as long as eighty (80) to ninety (90) percent is spent within the program the revenue was derived from.

Local revenues are generated through property taxes. The revenues that all districts in the state levy without public approval are the Required Local Effort (RLE), Discretionary Millage, Supplemental Discretionary Millage, and the 1.5 Mill Capital Outlay. The Required Local Effort Millage is set for each district by the state legislature and it must be levied for districts to receive the state portion of the FEFP. The state revenue sources are approximately 71% of the total revenue amount. The Discretionary Millage

can be levied for a maximum of 0.748 mills. This revenue may be used for any lawful educational purpose. The state adds additional funding to Districts that levy this millage so that it equals at least \$385.41 per UFTE. Holmes County Schools receives an approximate additional 936 thousand dollars to attain this funding level. The Supplemental Discretionary Millage allocation is determined by computing the level of funding needed to equalize the local millage funding with the state average. The funds may be used for any lawful educational purpose. The maximum millage for this levy is 0.250 mills. Revenues raised from the 1.5 Mill Capital Outlay levy can only be used for capital outlay purposes.

Other local revenues include various dues and fees for fee paid programs, gate receipts for extracurricular events, and various classes and club sales.

EXPENDITURES are segregated for reporting purposes by **cost center**, **function**, and **object**.

COST CENTER is a school, department, or location.

FUNCTION means the action or purpose for which a person or thing is used or exists. Function includes the activities or actions, which are performed to accomplish the objectives of the enterprise. The activities of the school system are classified into four broad areas.

- ◇ Instruction (5000's) - The activities dealing directly with the teaching of pupils or the interaction between teacher and pupils. Instruction is further classified as Basic (K-12), Exceptional, Vocational-Technical and Adult General. Another sub-function, "other instruction," is provided for programs such as recreation and enrichment and pre-kindergarten programs.
- ◇ Instructional Support Services (6000's) - This includes administrative, technical, and logistical support to facilitate and enhance instruction. Support services include Pupil Personnel Services, Instructional Media, Instruction and Curriculum Development Services, and Instructional Staff Training Services, and Instructional Related Technology.
- ◇ General Support Services (7000's through 8000's) - Those activities associated with establishing policy, operating schools and the school system, and providing the necessary facilities and services for the staff and pupils. This includes salaries and expenses for the Board, General Administration, School Administration, Facilities Acquisition and Construction, Fiscal Services, Food Services, Central Services, Pupil Transportation Services, Operation of Plant, and Maintenance of Plant.

- ◇ Community Service (9100) - Community Services consist of those activities that are not directly related to providing education for pupils in a school system. These include non-instructional services provided by the school system for the community.

The following numeric system is prescribed by the "Redbook" to account for the different functions:

- 5000 Instructional Services
- 6100 Instructional Support Services
- 6200 Instructional Media Services
- 6300 Instruction and Curriculum Development Services
- 6400 Instructional Staff Training Services
- 6500 Instruction Related Technology
- 7100 Board of Education
- 7200 General Administration
- 7300 School Administration
- 7400 Facilities Acquisition and Construction
- 7500 Fiscal Services
- 7600 Food Services
- 7700 Central Services
- 7800 Pupil Transportation Services
- 7900 Operation of Plant
- 8100 Maintenance of Plant
- 8200 Administrative Technology Services
- 9100 Community Services
- 9200 Debt Service
- 9700 Transfer of Funds

This numeric system is used for reporting purposes to the Florida Department of Education and for monthly budget amendments to the Board.

OBJECT means the goods purchased or the service obtained. There are eight major object categories. The numeric system prescribed by the Redbook used for reporting to the Florida Department of Education and for presenting budget amendments to the Board accompanies each object description.

- 100 Salaries
- 200 Benefits
- 300 Purchased Services
- 400 Energy Services

- 500 Materials and Supplies
- 600 Capital Outlay
- 700 Other Expenses
- 900 Transfers

MEASUREMENT BASIS FOR BUDGET REVENUES AND EXPENDITURES

Generally accepted accounting principles for governmental entities are established by the Governmental Accounting Standards Board (GASB) and provide the foundation for financial accounting and reporting for school districts.

Basis of accounting refers to when revenues, expenditures, expenses, and transfers - and the related assets and liabilities - are recognized in the accounts and reported in the financial statements. Generally accepted accounting principles require the use of the modified accrual basis of accounting for governmental funds. This means the revenues are recognized when they become both measurable and available to finance expenditures of the fiscal period. Expenditures are generally recognized when the related fund liability is incurred, if measurable.

Proprietary and fiduciary funds utilize the "full accrual" basis of accounting. That is, revenues and expenses are recognized when they occur, regardless of the timing of the related cash flows.

The Holmes County Schools use the modified accrual for the governmental funds (general, special revenue, debt service, and capital projects).

Most grants accounted for in the special revenue funds require the expenditure of funds as the primary determinant of eligibility for funding. Therefore, the date of expenditure becomes the point of revenue recognition for the grant. An encumbrance system which charges each purchase order, contract, or salary commitment to an appropriation is used as part of the budgetary accounting system. These transactions cease to be encumbrances when paid, canceled, or when the actual liability is recorded.

In June 1999, the GASB issued Statement 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments which requires all governments, including special-purpose governments such as school districts, to implement a new financial reporting model. The model includes management's discussion and analysis (MD&A), basic financial statements, notes to the financial statements, and certain other required supplementary information (RSI) other than MD&A.

- ◇ The MD&A is a component of Required Supplementary Information (RSI) that precedes the financial statements.
- ◇ The basic financial statements include 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

The government-wide financial statements report information for the government as a whole, except for fiduciary funds. These statements reflect the economic resources measurement and the full accrual basis of accounting.

The fund financial statements for governmental, proprietary, and fiduciary funds follow government-wide financial statements. The governmental and enterprise fund statements reflect major funds and combined non-major funds rather than a fund-type presentation. Reconciliation is required to explain the differences between the change in fund balances reported in the fund financial statements and the change in net assets reported in the government-wide financial statements. Reconciling items arise from differences in the measurement focuses of accounting between the statements, and certain required eliminations.

RSI is supplementary financial information that must be presented with the basic financial statements. Required budgetary comparisons include the original and final budgets for the general fund and each major special revenue fund that has a legally adopted annual budget.

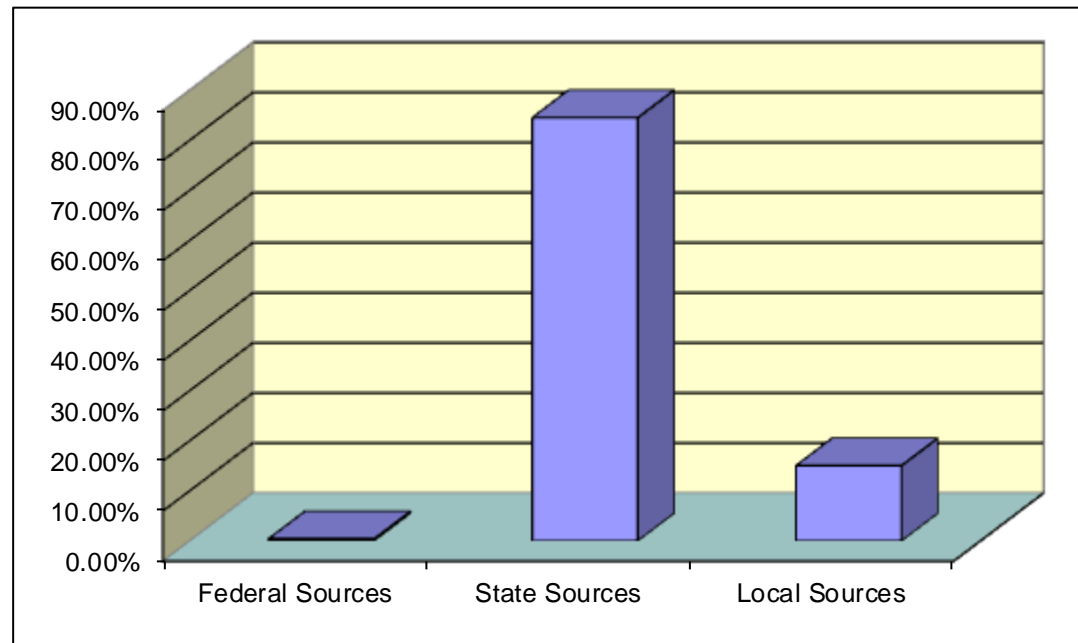

One of the primary differences between the government-wide statements and the fund financial statements is the measurement focus and basis of accounting. The government-wide statements reflect the economic resources measurement focus and the full accrual basis of accounting, while the fund financial statements for governmental funds continue to reflect the current financial resources measurement focus and the modified accrual basis of accounting.

The budget is constructed to address the requirements of GASB 34 as it relates to the chart of accounts, student internal funds, and fiduciary funds.

Florida Department of Education Budget Report

*District School Board
of Holmes County, Florida*

Dr. Eric J. Smith
Commissioner of Education
State of Florida
325 W. Gaines Street, Room 824
Tallahassee, Florida 32399-0400

Dear Commissioner Smith:

I certify that the District Summary Budget for the fiscal year July 1, 2011 through June 30, 2012, as approved by the School Board on September 6, 2011, and recorded in the official minutes of the School Board is the official District Summary Budget and has been transmitted to the Department of Education on September 9, 2011.

The District Summary Budget has been approved in compliance with program expenditure requirements as prescribed by Section 1010.20(3)(a), Florida Statutes.

During the budgetary process, consideration has been given to the District Aggregate Program Expenditure Requirements and all available data have been examined to determine compliance. Upon notification by the Commissioner of noncompliance during the prior year, we will review our district budget and make amendments necessary to meet legislative requirements.

SPECIAL TO THE TIMES-ADVERTISER

Local history society attends regional meeting

Special to The Times-Advertiser

Adrian Schell recently represented the Blue Springs chapter of the National Society of the Children of the American Revolution at the annual Mid-Southern Regional Meeting in Lexington, Ky.

National President Mary Lib Schmidt presented the national theme, "Living the American Dream," which connects on many levels:

- Our forefathers had a dream for America that has been defended

through the years.

- The men and women of the Armed Forces are fighting to protect that dream.

- Their sacrifice is allowing others to continue to live the American dream today.

This year, NSCAR will raise funds to donate to the Fisher House Foundation. These funds will go toward building a new Fisher House. The foundation is a nonprofit organization that provides families support and lodging while an injured military

family member seeks medical attention from a nearby facility. There are 54 Fisher Houses throughout the United States and in Germany. Sixteen new Fisher Houses are in the planning, design or construction phase.

CAR members are encouraged to volunteer at Fisher Houses in operation. Through volunteering and donating items such as books, toys, and food, CAR hopes to have a major affect on military families throughout the nation.

OLYMPICS from page A9

an athlete, from the days he played Little League baseball to high school basketball and track, and in the Army he played all of the sports he could.

He learned about the games through a VA nurse in 1983, the first year he participated. That year, expenses were covered, but subsequent events — he has competed in 12 competitions winning 34 medals — he has had to pay for himself.

Athletic competition didn't serve as inspiration to come to terms with his paralysis, but it has given him something to strive for and is a way for him to meet others in similar positions.

He was out of the military when he was hurt in the accident. Doctors thought he wouldn't survive, and Henderson said he is thankful to be alive.

"As long as you've got some life in you, you've got to work with what God left you, work with what you've got," he said. "You're still here. God left you here for a reason. God left something for you to accomplish in this world."

This year he plans to compete in a nine-ball pool game, bowling, wheelchair

relay, wheelchair slalom and a 200-meter wheelchair race.

Henderson said he tries to reach people as a motivational speaker and through peer counseling, and he said those who are facing difficult times and need someone to talk to for motivation can call him.

He also tries to set an example to children he teaches at his church.

"I always try to show a positive influence, so they will never stop ... there is always a way around the obstacle in life."

Henderson said he understands life isn't always easy. "You're going to have your ups and down. You're going to get knocked down, but don't let yourself get knocked out," he said.

About four years ago his wife died, and about two years ago his son was killed while serving in Afghanistan.

Being in the presence of so many veterans during the competition last year was overwhelming, he said, and some days are harder than others.

"It's a hard fight now ... I hurt every day. It's part of my life. I can't let it get me down."

NOTICE

Notice is hereby given to all property owners, taxpayers and citizens of the Town of Ponce de Leon, Florida that the Mayor and Ponce de Leon Town Council will meet in public session at 6 PM on Thursday, August 4, 2011 at the Town Hall with the following ordinance to be considered:

AN ORDINANCE ESTABLISHING REGULATIONS RELATING TO THE OPERATION, CONTROL, AND MANAGEMENT OF CEMETERIES OWNED BY THE TOWN OF PONCE DE LEON

Copies of the proposed ordinance can be inspected by the public at the Town Clerk's office in the Town Hall, 1580 Hwy 90, Ponce de Leon, FL 32455. All interested parties may appear at the meeting and be heard with respect to the proposed ordinance.

WITNESS my hand and seal on this 20th day of July, 2011.

TOWN OF PONCE DE LEON
 BY: P B PETERSON, TOWN CLERK

REQUIREMENTS FOR PARTICIPATION

Each district participating in the state appropriations for the Florida Education Finance Program (FEFP) must provide evidence of its effort to maintain an adequate school program throughout the district and must meet at least the following requirements:

- 1) Maintain adequate and accurate records, including a system of internal accounts for individual schools, and file with the Department of Education, in correct and proper form, on or before the date due, each annual or periodic report that is required by State Board of Education Rules.
- 2) Operate all schools for a term of at least 180 actual teaching days. Upon written application, the State Board may prescribe procedures for altering this requirement.
- 3) Adopt rules relating to the appointment, promotion, transfer, suspension, and dismissal of personnel.
- 4) Expend funds for salaries in accordance with a salary schedule or schedules adopted by the school board in accordance with the provisions of law and rules of the State Board of Education. Expenditures for salaries of instructional personnel must include compensation based on employee performance demonstrated under s. 1012.34.
- 5) Observe all requirements of the State Board relating to the preparation, adoption, and execution of budgets for the district school system.
- 6) Make the minimum financial effort required for the support of the Florida Education Finance Program as prescribed in the current year's General Appropriations Act.
- 7) Maintain a system of planning and evaluation as required by law.
- 8) Comply with the minimum classroom expenditure requirements and associated reporting pursuant to s. 1011.64.

State Dollars (Flow Chart)

The amount of state and local FEFP dollars for each school district is determined as follows:

$$\text{FTE Students} \times \text{Program Cost Factors} \times \text{Base Student Allocation} \times \text{District Cost Differential} =$$

$$\text{Base Funding} + \text{Declining Enrollment} + \text{Sparsity Supplement} + \text{.748 Mill Compression} +$$

$$\text{.250 Mill Compression} + \text{Safe Schools} + \text{Supplemental Academic Instruction} + \text{Reading Instruction} +$$

$$\text{Teacher Lead} + \text{Instructional Materials} + \text{ESE Guaranteed Allocation} + \text{DJJ Supplemental} +$$

$$\text{Student Transportation} + \text{Virtual Education} = \text{Total FEFP} - \text{Required Local Effort} =$$

$$\text{Net State and Federal FEFP} + \text{District Lottery School Recognition} + \text{Class Size Reduction} = \text{Net State FEFP}$$

FEFP CALCULATION SCHEDULE

The FEFP is calculated five times throughout the year to arrive at each year's final appropriation. These calculations are as follows:

- 1) First Calculation – This calculation is completed immediately after the annual legislative session. District allocations for July are based on this calculation.
- 2) Second Calculation – This calculation is made upon receipt of the certified tax roll from the Department of Revenue as provided for in Section 1011.62, F.S. District allocations for August through November are based on this calculation.
- 3) Third Calculation – This calculation is made upon receipt of districts' October survey FTE reported in November. District allocations for December through March are distributed using this calculation. (District's current year July and October and prior year June FTE amounts are summed and a February estimate is made based on the previous year's trend of February and October surveys.)
- 4) Fourth Calculation – This calculation is made upon receipt of districts' February FTE and estimated June FTE reported in March. District allocations for April through June are distributed using this calculation.
- 5) Final Calculation – This calculation is made upon receipt of districts' June FTE survey usually reported in July. Prior year adjustments in the following fiscal year are made, based on a comparison of this Final Calculation to the Fourth Calculation.
